LOOM STORIES

For the latest collection from Omexco, **LOOM STORIES** embodies an authentic artisanal aesthetic.

Woven using the finest natural fibres and with age-old techniques and expert craftsmanship, each design demonstrates our design studio's commitment to create refinement and design elegance, heralding the return of the maker's hand.

In **LOOM STORIES** you will discover a rich and eclectic selection of irregular textures made from hand-spun yarns, fine Belgian linen and wild silk, all in a diverse palette that ranges from soothing neutrals to eye-catching, vivaciously bold colours.
