

## Essentials

# Brushed Suede

**This colourful collection takes its inspiration from paint and painting techniques. With Essentials Brushed Suede wallpaper, you get the same effect as a special painting technique or an original mural, but without the hassle and the time-consuming process – while giving your interior the kind of warm look and feel that can only be achieved with wallpaper.**

### **Brushed Suede**

This plain wallpaper is named after the brushed suede painting technique, where paint is applied to the wall in specific patterns to create a soft suede look. The result is fantastic, but the process can be very time-consuming, labour-intensive and complex. This original wallpaper now offers a perfect alternative with the same artisanal look. What's more, it's much easier to apply. The paint used in the printing process is so concentrated that it looks as if it has been directly applied to the wall.

*Brushed Suede is available in 25 colourways.*

### **Sherwood**

This panoramic is like a large painting, taking its inspiration from the beautiful Sherwood Forest in Nottinghamshire, UK. The forest is very popular among nature lovers for its many picturesque trails. The panoramic has been digitally printed on a very realistic linen texture and comes in three beautiful colour combinations.

*Sherwood is available in 3 colourways.*

*Prices available on request.*
